CBE: Fourth Supplement to LG 1/1/1964, p44 - on the advice of Her Majesty's Nigerian Ministers to Jack Farrington, Esq, For services to the tin mining industry.

John 'Jack' Leonard Farrington was born on 14 June 1906 in Sydney, Australia, to English parents. He grew up in Fiji, where his father who was a doctor died in 1915. The following year his mother moved the family to Canada, where she was appointed Matron at the Provincial Home for Incurables at Marpole in Vancouver. Jack was educated at public and high schools in Vancouver, British Columbia and then at the University of British Columbia graduating as a Bachelor of Applied Science in May 1928, with 1st class honours in mining engineering. In his third year at university he was awarded its Dunamuir Scholarship for highest standing in mining engineering.

After graduation, his profession was that of a field and mining geologist, in sub-Saharan Africa. From June 1928 to May 1931 he was a field geologist with Loangwa Concessions in Northern Rhodesia (present-day Zambia). From May 1931 to July 1936 he was in Southern Rhodesia (present-day Zimbabwe), working for the Gold Fields Rhodesian Development Company, for valuation and development of prospects, and as the only geologist at the Wanderer Mine. He looked at the Kakemega goldfield in Kenya, then enjoying a gold rush, but did not stay. From July 1936 to November 1937 he became an assistant geologist at the head office of New Consolidated Goldfields, at Johannesburg, South Africa. Moving to the Gold Coast (present day Ghana), from November 1937 he became chief geologist with the Ashanti Goldfields Corporation and was the first resident geologist at the rich Ashanti gold mine.

When he volunteered for military service in 1939 his application claimed experience in (1) interpretation of air surveys, (2) mine development, (3) diamond drilling, (4) organization of field parties and prospecting units, and (5) handling of labour; also 'special knowledge' of aerial surveying (based on the planning and interpretation of four such surveys), tunnelling, surveying, and general reconnaissance of unmapped or poorly mapped territory. However, he was not accepted for service due to poor vision in one eye. Up until 1942 his work included wide experience in siting positions for boring and control of boring operations involving diamond drills, including siting of boreholes for water, and in 1941 he became an Associate (postwar a Member) of the Institution of Mining and Metallurgy (UK), and in February 1943 also a Fellow of the Society of Economic Geologists (USA).

When he was finally accepted for military service in 1942, at the age of 36, he sought employment with boring units of the Royal Engineers. However, after initial training with No. 6 Training Battalion RE (at Elgin in Scotland) from 30 October to 21 December 1942, he was attached to the Survey Training Centre RE (near Ruabon in north Wales) to attend a field survey course, followed by a course in air survey and cartography, from 22 December 1942 to 28 April 1943. The Survey Centre's main function was to train officers and men as military surveyors, who would then be able to act as reinforcements for existing survey units, and for the formation of new units. He was then detached to 14 Corps Field Survey (CFS) Company RE from 28 April to 17 July; returned to the Survey Training Centre RE from 18 July to 12 October; and detached again, to 523 CFS Company RE, before being posted to ISTD, at Oxford, on 8 November 1943. Jack's 'Officer's Record of Service' notes that he was detached briefly to B.A.S. Washington, USA from 19 October to 5 November 1944, and to active service in NW Europe with 21 Army Group in France, Belgium and Holland from 24 December 1944 to 19 January 1945. Soon after the Geological Section ISTD was formed, Jack became its officer commanding.

After the war Jack went to Nigeria, where as a consultant, his first client was Amalgamated Tin Mines of Nigeria (ATMN). There he took part in an aerial survey of the Jos Plateau, and made the acquaintance of the Western Nigerian goldfield. Then he was invited to be the official consultant to the ATMN Group, based in Nigeria. He published a preliminary description of the Nigerian lead-zinc field and undertook a mining survey in Cameroon. After being appointed Assistant General Manager with ATMN in 1953, he was promoted to General Manager in 1957. Whilst General Manager, he was appointed a 'special member' of Nigeria's Northern House of Assembly (Lagos Times, 4 September 1961) to represent the region's mining interests, and promoted Northern Nigeria as 'an awakening giant'. He served until retirement from Nigeria in September 1964.

Presentation copies of the farewell speeches that marked his resignation from the House were donated by the family to the Pitt Rivers Museum at Oxford in 2006, as part of the documentation that accompanied donation of two ceremonial fans. Also, with retirement imminent, in the Queen's Birthday Honours of 1964 he was appointed a Commander of the Most Excellent Order of the British Empire for his services to the mining industry in Nigeria.

Jack and his wife returned to England, to Tonbridge in Kent, before moving to the Channel Island of Jersey where he continued with some consultancy work after retirement, but died there on 20 March 1982.

### Companion of Order of Australia (Civil) to Notable Australian, Sir Peter Abeles

3558\*

**Order of Australia, Companion (AC) (Civil),** neck badge in 18ct gold and enamel, hallmarked for London by medallist, 'SD' (Stuart Devlin). Peter Abeles on reverse. Pantographed. *Nearly uncirculated.*

\$2,000

Together with case of issue marked on lid, 'A.C.'; one wide and one thin neck ribbon; ribbon bar; miniature medal with ribbon brooch suspender; missing lapel badge; also unidentified mini lapel badge (damaged).

Sir Emil Herbert Peter Abeles was born in Vienna, Austria on 25 April 1924. The family, which was Jewish, fled to Hungary when he was a young boy to escape the rise of facism. When the Nazis invaded Hungary in 1944 his family fled to Romania but he was taken to a death camp. Fortunately they all survived and were re-united after the war but the upsurge in communism post war forced the family to flee and in 1949 Peter, aged 25, arrived in Australia as a refugee.

In the ensuing years he, along with a fellow Hungarian, established a trucking company called Alltrans. By 1967 the company had expanded to run over 500 trucks and had merged with TNT (Thomas National Transport) and in the following year Peter Abeles was appointed managing director. During the 1970s the company expanded world-wide and in 1979, in an alliance with Rupert Murdoch's News Limited, they took over Ansett Transport Industries, one of the two major airlines in Australia and by the mid-1980s TNT was the second largest transport empire in the world. The NSW Askin government recommended him for a knighthood and he was appointed a Knight Bachelor for services in transport, charities and universities (Supplement to London Gazette 1 January 1972, p2).

In 1987 Peter Abeles was named Australian of the Year by The Australian newspaper. He also chaired the Trade Advisory Council and the Australian Opera Foundation. On Australia Day 26 January 1991 Emil Herbert Peter Abeles was appointed Companion of the Order of Australia in recognition of services to industry to Government and to the community. In the 1990s he retired as managing director of TNT but was appointed to the board of directors.

Sir Peter Abeles established and chaired the Australian Cancer Research Foundation but ironically he died of cancer in Sydney, NSW on 25 June 1999.

Sergeant Richard Derbyshire, 48th Foot, confirmed entitlement to ten clasps for his Military General Service Medal 1793-1814. He was born at Wigan, Lancashire and served with the 48th Foot from 1803 to 1829 discharging at age 53.

This medal was awarded whilst the regiment was serving in Australia, 1817-24, and most, if not all, of the approximately 20 known recipients served in New South Wales. It is the first military medal to have been issued in Australia. There is strong evidence that the medals were engraved by Samuel Clayton, transported to Australia for seven years in 1816 and working as a painter, engraver and silversmith in Sydney as early as January of the following year.

Williams lists this medal as rare with only 7 issued to Australian nurses serving with Dunsterforce. In *Australians Awarded* by Clive Johnson, p210, he states only 8 awarded to Australians and explains the reason for renaming and gives some examples of the naming. One of the medals he mentions is that to Nurse I.E.Pearce.

Staff Nurse Pearce's medal was forwarded to Army Headquarters at Melbourne by the Under Secretary of State for India. The War Office, to whom the question of eligibility of an award to her was made, stated that she qualified for the British War Medal only, however, after the matter was referred to the India Office they stated she was entitled to the India General Service Medal. A letter dated September 1980 from the Australian Army stated that the above medal was her only entitlement for WWI service and she did not qualify for the British War Medal or the Victory Medal. With the lot there is a letter from professional dealers, Downie's of Melbourne, dated 20th October 1994 stating that this medal to Staff Nurse Ida Elizabeth Pearce has been verified by the Department of Defence as being officially re-named.

Ida Elizabeth Pearce, nurse, age 30, born at Crows Nest near Toowoomba, Qld; Enl.02Nov1918 having been a member of AANS 1st MD since 30Nov1917; Emb.09Nov1918 for India as Staff Nurse; posted to Freeman Thomas Hospital at Bombay 04Dec1918; posted to 43rd British General Hospital at Quetta 02Jun1919; Emb.03Sep1919 from Bombay for RTA; Disch.22Oct1919; WWII: Ida Elizabeth Horton Pearce (Q70215) mobilised and TOS 23Oct1940 as Sister Clerk; to T/Matron 01Jun1942; trf to AIF 22Sep1942 (QFX48911) with disability noted as 'over age' (age then was 54); to Major 23Mar1943; served in various military hospital, CCSs and camps in Australia; Appointment terminated 22Apr1944 as Major ex AANS HQ NC; to Retired List 28Apr1944; Died 01Jan1971.

Research notes that Long Service Medal not recorded on available documents however his service suggests that such an entitlement could be expected. Not on the China Medal Roll for the NSW Contingent. It is probable that Davis acquired the China Medal and had his name engraved thereon believing that his service qualified for the medal. It is also interesting that Davis attended the first China War NSW Contingent reunion in Sydney in 1903. His service records note that his service suffered from 'periodical mental derangement'.

Louis Napoleon Davis died at Belmore in 1935 at age 63. He was buried at the Presbyterian Cemetery, Rookwood. Bretheren of Masonic Lodge Belmore No.244 of the UGL of NSW and officers and members of the M.U.I.O.O.F. Loyal Belmore Lodge 569 were invited to attend.

The next day Dixon led a force of the Camels against Tel El Khuweilfe and rushed up the slopes with bayonets and hand grenades, and after a brief struggle the Turks fled. MC: Fifth Supplement No.30389 to LG 16/11/1917; CAG No.31 7/3/1918.

Recommendation by Lt-Col A.B. Carey C.R.E. 5th Aust Div and signed by Maj-Gen J.T. Hobbs : 'At Polygon Wood during recent operations this Officer was in charge of the pushing up of R.E. Stores from Hooge to forward R.E. Dump. On the night of 24/25th. Sept. when planking material was urgently required on the Chateau Wood Road, heavy shelling of the main road and the rear end of the Chateau Wood Road was going on, traffic was blocked and the congestion was so serious that it seemed as if no stores could be got up. Despite the heavy shelling Lieut. Holmes went out on the road with a total disregard of personal safety - worked so coolly and indefatigably that he managed to get the roads clear enough to enable important stores for communications for the advance to be sent up despite casualties to his transport section. Following this up on the next night Lieut. Holmes again, when heavy shelling was in progress, asserted his personality and kept his wagons going despite the fire, thus enabling further supplies to be sent up to the forward R.E. Dump. His fine example and coolness on this road on these nights of heavy shelling resulted in the accumulation of most valuable material for the subsequent consolidation. He has since been wounded.'

Albert Burge arrived home from active service to Newcastle on Friday night 24 October 1919 and was met by the Mayoress, Mrs J.Lott, members of the Southern Cross League and the Welcome Home Committee and then taken to the home of his aunt, Mrs J.Perry, where a reception was provided with food and music. He was also a guest at a welcome home banquet at the School of Arts at Carrington staged by the Welcome Home Committee on Saturday 29 November 1919.

In February 1901 Albert Burge, aged 9, along with two other children was charged under the provisions of the Industrial Schools Act as they were members of a gang of juvenile housebreakers and accordingly they were ordered to be placed on board the nautical training ship Sobraon. As an adult, Albert Burge was charged and pleaded guilty to riotous behaviour in Hunter Street, Newcastle on 8 November 1920 for damaging a pane of glass and was fined one pound with two pounds damages. Then again he was tried for an event the day before when he had been spoken to about his behaviour in the Federal Hotel and struck the man who subsequently forcibly removed Burge from the hotel. On this occasion he was acquitted.

Once again Burge was in trouble during the Christmas period in 1920 when he was tried at Newcastle Court on 20 December for behaving in a riotous manner in Maitland Road, Tighe's Hill. It seems that a large brawl erupted outside the Federal Hotel between returned soldiers. Several people were charged and found guilty. Albert Burge pleaded not guilty and claimed a man named David Jones called him a 'nigger' (on Burge's enlistment documents he is recorded as having dark complexion, dark eyes and dark hair) and slapped him on the face. This was corroborated by a witness to the event. David Jones claimed that Burge came up to him and asked him if he wanted to fight and then struck him. Burge was fined ten shillings or alternatively 3 days imprisonment.

\$15,000

Together with cases for both medals; two framed photos each featuring H.F.Alomes in police service; five large albums of the most comprehensive record of a medal recipient ever seen, and featuring newspaper clippings, photos, documents, and reports relating not only to the above awards but to Constable Alomes career with the Tasmania Police Force, noted one handwritten letter dated 28 November 1960 to Constable Alomes from Lord Rowallan, Governor of Tasmania advising of the award by Her Majesty to him of the George Medal for his gallantry and devotion in the rescue operations during the floods in the Derwent Valley. Similar letters of congratulations are noted from other important people including the Commissioner of Tasmania Police. Also noted an official, printed invitation from the Commissioner of Police for Inspector H.F.Alomes (G.M.) and Mrs Alomes to attend a reception for Her Majesty Queen Elizabeth II and His Royal Highness Prince Philip The Duke of Edinburgh at the Police Academy Rokeby 5 October 1981.

GM: Tasmanian Gazette Vol.CCXV 30/11/1960, No.13,520, to Constable Hilton Frank Alomes.

Citation: On the night of April 22-April 23, the Derwent River and its tributary, the Styx River, overflowed their banks simultaneously causing a record flood of unprecedented rapidity, and bridges, roads, buildings and houses were swept away.

Because of darkness, the violent current, estimated at 15 knots, and floating debris, which included logs, timber and buildings, obstructions such as tree tops and articles floating under water, dead stock, entangled masses of hop poles and wires, and live high tension cables, the acts of rescue were carried out under extremely hazardous conditions.

Constable Hilton Frank Alomes, who was the police officer at Bushy Park, first warned residents of the district of the possibility of flood, and during its event set forth at 2 a.m. on April 23 in a small boat to give assistance in answer to cries of distress.

After being swept away by the current Constable Alomes, with a companion, succeeded in checking his craft, and at daybreak worked his boat back to the scene of greater danger to effect a hazardous rescue. Without regard to the wet and cold he directed and took part in other rescue operations. Constable Alomes then applied himself without thought of rest to the relief of distress, and by his leadership and example made a major contribution to the establishment of good order throughout the whole district.

The George Medal presentation was made by Lord Rowallan, His Excellency the Governor of Tasmania on 23 June 1961 at Government House, Hobart, Tasmania

RHSA Silver Medal: For rescue of John Bitte from the foot of a waterfall in the Professor Range-Henty River area on 1st and 2nd March 1959. Sergeant C.W.Byrne and Dr J.W.Wirtz who assisted in this rescue were also awarded the Society's Silver Medal.

The RHSA Silver Medal presentation was made by Lord Rowallan, His Excellency the Governor of Tasmania on 19 August 1961 at Boyer Oval, New Norfolk, Tasmania.

RHSA Certificate of Merit (not included with lot, location unknown): For rescue of Joyce Gittus and Maxwell Henry Gittus from a hop kiln at Bushy Park during heavy floods on 22 April 1960. Mr G.T.Rumley who assisted with the rescue was also awarded a Certificate of Merit.

The RHSA Certificate of Merit presentation was made by Lord Rowallan, His Excellency the Governor of Tasmania on 19 August 1961 at Boyer Oval, New Norfolk, Tasmania. Constable Alomes thus made history by becoming the first Tasmanian Police officer to receive two awards at the same time for different acts of gallantry.

Hilton Frank Alomes served two years with Royal Australian Navy before joining the Tasmania Police Force on 12Aug1955; passed Senior Constable exam 17Nov1963; promoted to Senior Constable 23Dec1965; Authority dated 15Jun1966 granted to 'Demand Admittance to Licensed Houses'; passed Sergeant's exam 15Sep1966; transferred to Sergeant of the Watch at Hobart Dec1970; passed Inspector examination 09Sep1971; transferred to New Norfolk 24Nov1971 and rank of Senior Sergeant; promoted to rank of Inspector 14Mar1974; transferred to St Marys 24Jun1974; transferred to Hobart (No 1 Division) 26Nov1975; appointed Justice of the Peace 11Oct1978; head of Hobart police division for 6 years before he retired 12Oct1983 and was former officer-in-charge of crime prevention in the state (appointed 05Aug1966) and during this time he wrote a regular newspaper column titled, 'Police Beat'; died 31Dec1986, suddenly, in Melbourne at age 61 and buried at Copping Cemetery, Copping, Tasmania after a service at All Saints' Anglican Church, South Hobart.

Bravery Medal: granted 19/5/1999 to Anthony Shane Day in recognition of an act of bravery in hazardous circumstances.

Citation: On the morning of 7 July 1996, Mr Day rescued two children from a burning building at Davoren Park.

Mr Day, on hearing screams, was alerted to a fire in the house across the road. On running to assist, he saw a woman lying down in the front yard and heard her screaming that her three children were still inside. Mr Day then heard screams coming from within the house. He immediately entered the house through the front door. Thick smoke made breathing difficult, forcing Mr Day to crawl on his hands and knees. Mr Day crawled into the lounge room that was located at the front of the house. Mr Day called out to the children in an attempt to locate them as the smoke had reduced visibility considerably. He found a small girl in the corner of the room. Mr Day picked her up and ran with the child out through the front entrance. Mr Day handed the child to the mother and immediately re-entered the house, crawling again on his hands and knees until he located a small boy under the window in the lounge room. Mr Day picked up the boy and ran outside. Mr Day, believing the third child was still trapped in another part of the house, ran around to the back of the house to attempt a re-entry but, on arrival, saw the third child being brought safely outside.

By his actions, Mr Day displayed considerable bravery.

Medal presented to Mr Day by His Excellency the Governor of South Australia on 8 September 1999 at Government House, Adelaide, South Australia.

RHS (UK) Stanhope Gold Medal - awarded in 1997.

The Royal Humane Society of Australasia awarded Anthony Shane Day, chef, aged 17 years, of Andrews Farm, SA the Clarke Silver Medal (award no 10337) in 1997 for his brave actions and also advised him that the details of the rescue would be forwarded to London for consideration for the Stanhope Gold Medal, a Royal Humane Society (UK) award, open for competition amongst all Commonwealth Societies since 1962.

Case submitted by RHSA to RHS (UK) for the Stanhope Gold Medal 1997.

Place/Time: Pix Road, Davoren Park, South Australia.

Conditions: House fire.

Salvor: Anthony Shane Day (17) Chef.

Saved: Soraya Yardley (5), Joshua Yardley (4), Natasha Yardley (2).

Summary: Day heard a woman screaming from across the road and saw that her house was on fire. He ran to the woman, who was crying out for her three children still in the house. He could hear the children screaming from within the house.

With thick black smoke billowing through the front door, Day ran into the house where he was forced to his hands and knees by the suffocating smoke, and began crawling around the lounge room yelling for the children as he went. He eventually found Soraya huddled in a corner, picked her up, ran out through the front door and put her on the lawn near her mother. He immediately re-entered the burning house and, again crawling on the floor, found Joshua under the lounge room window and carried him to safety. Fearing that the third child was still in the house, he then ran to the back of the house and saw two other men rescuing her. All were taken to hospital and treated for smoke inhalation, burns, cuts and bruises. The house was destroyed by fire.

Day also awarded the Clarke Medal in Silver of the RHSA, although this was purely a symbolic award and not actually presented.

Subsequently his nomination for the Stanhope Gold Medal was selected and he was presented with that medal rather than the Clarke Medal since the Stanhope award is the senior of the two.

The Stanhope Gold Medal was presented to Anthony Shane Day by His Excellency the Honourable Sir William Deane, AC, KBE, Governor-General of Australia on 14 September 1998 at Adelaide Town Hall, Adelaide, South Australia.

At that time, only one other South Australian (Trevor Allen Viney in 1989) had been a recipient of the Stanhope Gold Medal. In the words of the South Australian Police Commissioner, Mr Mal Hyde, Mr Day was the 'bravest of the brave'. And the rescued children's mother, Mrs Anja Spencer said, 'I was in the bedroom and woke to the smell of smoke. I smashed the lounge room window and screamed for help. I remember seeing Anthony (Mr Day) running across the street buttoning his shirt. Anthony risked his life for my kids and I think he's just great.'

### Historic WWI AIF Photograph Collection

lot 3642 part

3642\*

**Australian WWI historic photographs**, includes two photo albums with a variety of over 250 photos that feature the AIF service of Captain James Henry Moore of 38Bn and Captain Ernest William Dixon DSO of 10LHR and 3 Anzac Bn Imperial Camel Corps, put together by their friend Eileen Ramsay and they include, 1) The embarkation of 38Bn from Melbourne on HMAT Runic in June 1916 being a most comprehensive detail of all the officers (HQs and all Coys) naming each as well as various other individuals on the ship including Lieutenant Orchard (Geelong footballer) and other officers, some of who would later become KIA, commanding officers or highly decorated. 2) General photos during the voyage such as 'looking for submarines', 'boxing heavyweight championship' and general drill. 3) Several photos of a visit by General Monash with Major Story (later the CO of 37Bn who was controversially dismissed as a result of the unit's mutiny), also Brigadier McNicol DSO and others. 4) Hospital photos including nurses and wounded with names. 5) Two signed portrait photos of AFC pilots, one of which is Will Dixon, brother to Ernest. Various aeroplane photos and a group photo of the AFC pilots in 1918, most likely related to Will Dixon. 6) Numerous photos related to Captain Ernest Dixon DSO and twice mentioned in despatches. The photographic record begins in Perth and February 1915 including naval officers, HMAT Kyarra (twice torpedoed but not the ship he sailed on), then in the Middle East with various officers and men (named), horses (named), Light Horse Warrant Officers, signallers, 8LHR Sergeant, soldiers doing gas mask training, despatch riders, and Turkish officers surrendering but too many to name. These photos cover the early stages of Ernest Dixon's service when he was part of 3LH Brigade Train AASC hence his association with so many different units whilst working out of HQs. He was appointed RSM of 10LHR and later transferred with a commission to the Camel Corp (15LH). This was when he was awarded a DSO for gallantry defending the post that would later be known as 'Dixon's Post' for his command of the position when the Turks made a last ditch effort to re-take Beersheba. *The two albums are in poor condition but the collection of well documented photos which are in fine - very fine condition represent a researcher's dream and no doubt will end up featured in future publications or articles.* (250+)

**Bugle Presented in 1915  
to Reinforcements to 9th LHR**

3643\*

**9th Light Horse commemorative bugle**, in copper and brass with mouthpiece, at the front top of the horn area is inscribed, 'R. Correll/Sole Agent/Adelaide/Presented to the/8th Reinforcements/9th Light Horse/by Julia Augusta Stuckey/Unley Park'. *Around the horn end severely battered and the whole bugle looks like it has had a very hard time in the war and maybe has suffered from several blasts of shrapnel with many dents, otherwise good and historically significant.*

\$200

R. Correll was the proprietor of Correll's Music Store at 140 Rundle Street, Adelaide. This bugle was presented by Mrs Webb on behalf of Miss Julia Stuckey to Sergeant McDonald acting as representative of the 8th Reinforcements to the 9th Light Horse at a special function held by the Cheer-Up Society at the Arcadia Caf on Saturday 17 July 1915 attended by 450-500 men including some New Zealanders and nurses were also in attendance. The New Zealanders were given a 'coo-ee' welcome and later they responded with a Maori war cry.

Miss Julia Stuckey of Unley Park was a very prominent member of the Cheer-Up Society helping to raise funds for many important projects to assist Australian troops. Sergeant McDonald referred to above is probably 1131 Sergeant John Frederick McDonald, 9LHR, a quarryman who enlisted on 18 January 1915 with 12 years previous military service in England and the Boer War with 1st S.R. He embarked on 26 August 1915 with 8th Reinforcements for the 9LHR. He died of Typhus on 21 April 1918 in Egypt and was buried at Kantara War Memorial Cemetery, Egypt, by RC Chaplain George A.C. Carlisle on the same day.

HMAS Perth was commissioned on 23 June 1939. In early August, while en route to Australia, Perth was used to represent her nation at the 1939 New York World's Fair and while berthed in New York City, there was a minor mutiny aboard. This was instigated when sailors ashore for leave were ordered to return to the ship and change from white uniforms to blue uniforms. This was the 'straw that broke the camel's back' as the overall treatment of the sailors by the officers had been an issue since the cruiser was taken over by the RAN. More than 60 sailors gathered on the ship's foredeck, where they were confronted by officers with sidearms and were ordered below decks, but they refused. The ship's commanding officer, Captain Harold Farncomb, next approached the sailors and informed them that if they did not follow orders to disperse, he would treat their actions as a mutiny. The standoff could be seen from the wharfside, and a heavily armed force from the New York City Police Department was dispatched, but did not intervene. Farncomb successfully defused the situation by making the offer that any sailor wanting to wear blue uniform all day ashore could do so after asking permission; an offer taken up by almost every sailor taking shore leave. On 1 March 1942 Perth was sunk at the Battle of Sunda Strait for the loss of 353 men with all but four of the rest captured and 106 of these dying in captivity.
