## AUSTRALIAN SINGLES

### OAM to Founder of GROW Mental Health Movement

3313\*  
**Medal of the Order of Australia (OAM)**, Cornelius Brendan Keogh. Engraved. *In original case with miniature on ribbon, also ribbon brooch bar, uncirculated.*

\$500

Awarded in the Australia Day Honours list 26 January 2004.

The following courtesy of Wikipedia.

'Father Cornelius Brendan (Con) Keogh, OAM, (13 July 1921 - 24 November 2011) was an Australian Roman Catholic priest who founded the International Community Mental Health Movement GROW.

Keogh entered the seminary in Springwood, New South Wales, at 18 years of age. Later he studied in Rome, obtaining degrees in philosophy and theology, and was ordained. On his return to Australia he became Professor of Philosophy at his former seminary.

From 1954 Keogh suffered mental illness, and over the next few years he underwent episodes of hospitalisation for his condition. During 1957, whilst he was recovering from one such episode, he began attending meetings of Alcoholics Anonymous, because there was at that stage no other support group available. Along with others who were also recovering from mental illness, Keogh began to develop the programme material and the structured network of support groups which became the GROW organisation. In 1978, GROW spread outside Australia: Keogh established the GROW programme in Illinois. In 2004, Keogh was awarded the Medal of the Order of Australia for his work with GROW.'

The GROW groups expanded worldwide and by 2005 there were about 800 groups including in Australia, Ireland, New Zealand and the United States of America. Father Keogh resided in Sydney for most of his later years. He died there on 24 November 2011 and was buried at Rookwood Catholic Cemetery, Lidcombe after an At Peace Pontifical Concelebrated Mass of Christian Burial held at St Joachims Church, also at Lidcombe.

Private L.H.Destree confirmed on nominal roll of 5 QIB.

On 26 Feb 1902 a Court of Enquiry was held at No.18 General Hospital Charlestown into the circumstances under which 539 Tpr L.Destree (sic), K.Coy 5 Q.I.B. was injured. Tpr Destree stated that on 9Feb the unit was trekking at night and his horse put its foot in a hole and threw him. He was taken to Kerstroom Hospital a few days after with his back hurting. The Court found that the back contusion was not caused by the horse falling on him.

Recommendation: 'For consistent and most noticeable bravery and devotion to duty as a runner and guide on forward work during the past six months. Around Villers-Bretonneux he distinguished himself as a guide under heavy fire, most noticeable on about 18.7.18, when he went back through heavy barrage and guided parties on to their tasks. On 27.7.18 he showed conspicuous gallantry in getting an urgent message and instructions through a gas bombardment at about 2am, his whole work that morning was of great value. His bearing is always soldierly and brave under fire'.

A report of the death of Oscar Gillam was published in The Newcastle Sun (NSW) on Thursday 6 July 1950. It reads as follows.

Mr. Oscar Gillam Dies: Well known in shipping, colliery and insurance circles in Newcastle, Mr. Oscar Gillam, of Gillam and Co. Pty. Ltd., died today after a long illness. The late Mr. Gillam was born in Newcastle 74 years ago and took an active interest in his company until five years ago, when illness compelled him to give up his duties. For the past three years he had been in hospital.

The death of Mr. Gillam removes one of the few surviving members of the N.S.W. Naval Brigade contingent to the Boxer Rebellion (China), 1900-1901. Rear Admiral Sir Leighton Bracegirdle was another member. For his services he received the rank of honorary member of the Military Order of the Dragon.

Mr. Gillam served with the Royal Australian Navy in New Guinea and was present at the occupation of Rabaul in 1914 and during its occupancy was harbor master there. In 1921 he was placed on the reserve list of the Royal Australian Navy after attaining the rank of lieutenant commander. At this stage he took charge of Gillam and Co., which had been formed by his father some years before. The firm had extensive shipping interests which were later disposed of. At the present time six collieries are owned by the firm.

The late Mr. Gillam was one of the oldest members of Lodge St. George. He belonged to the United Service Club and was for some years on the insurance committee of the Newcastle Chamber of Commerce.

On 13 March 1917 at the Quarter Sessions Ware pleaded guilty to bigamy. He was married to Ivy Williams (he deserted her and had not proceeded to divorce) and also Mary Whitlock (she stated that he told her his name was Jones). On his enlistment papers for the AIF his next of kin is Mary Ware, so presumably she has taken his real name after the court case. He was caught out when one woman saw him with the other woman in Pitt Street, Sydney, and after he ran away the women talked to each other and found out that he was married to both of them. He was sentenced to nine months hard labour in Long Bay Gaol. Apparently at the time Ware was a member of the Australian Garrison Artillery and listed as a deserter and the judge stated that if the military authorities would take him back then he would agree to hand him over to them.

In his service file is a 3-page letter from an English war widow claiming to be carrying Sapper Ware's unborn child. She wrote to the Australian Army on 3 September 1919 stating that Ware had promised to marry her as he was divorcing his wife in Australia. However, she had since found out that he had returned to Australia. She was seeking help from them to enable her to get support payments from Ware to raise the child after it is born. There is no indication in his service file as to what happened.

MC: LG 25/2/1943, p966; CAG 11/2/1943, p433, to Lieut L.H.Thomas 2/43rd Aust Infy Bn. Presented by The Governor of South Australia at Government House, Adelaide on 9 May 1945

Citation: Outstanding initiative, courage and leadership Tel El Eisa Sector.

Recommendation: 'In the Tel El Eisa Sector. On night 23/24 October 42 in Area Map Ref 87343022 Alamein sheet during a p1 raid, the Comd, Lieut Lindsay Howard Thomas SX5289 displayed outstanding initiative, courage and leadership. On reaching a point midway between the start line and the objective, a working party of numerous enemy was encountered who speedily returned to their lines and gave warning of the approach of the raiding party.

On reaching the enemy wire, the raiding party came under intense S.A. and L.M.G. fire which made the task of blowing two openings through it extremely hazardous. On the cutting of these gaps, Lieut Thomas was the first to dash through and lead his pl on to its limit of exploitation 300 yds fwd. On completion of the task and after ordering the withdrawal, Lieut Thomas remained behind to ensure that all his comd had got clear. Almost immediately after he became a casualty and had to be carried from this point to our own lines.

Throughout the action this officer displayed personal courage and control and inspired his men by his own actions and leadership which resulted in the destruction of one A Tk gun, the capture of 5 PWs and inflicting 30 casualties.'

In a book titled 'Tobruk and El Alamein' by Barton Maughan it relates that, 'Lance Corporal Bingham (2/3 Field Company) began to carry Thomas out. On the way Bingham shot a German with his pistol, then bailed up three others who helped carry Thomas back.'

Lindsay Howard Thomas, farmer and grazier, age 31, born at Burra, Sth Aust; Enl.14Jun1940 at Adelaide, Sth Aust; served with 2/43 Aust Infy Bn; WIA 29Aug1941 GSW left forearm; To Lieut 15Feb1942; WIA 23Oct1942 GSW right leg and placed on seriously ill list; awarded Military Cross during El Alamein operation; Appt terminated and Trf to Reserve of Officers 17Sep1943; Died 10Feb1987 at Mitcham, Sth Aust.

TASMSM: Tasmania - CAG No.51 31/10/1902, p532 to WO James Chisholm, Late Ordnance Dept.

(Note that this award is recorded in the book of LS&GCMs and MSMs to Australia 1897-1985 by Robert Dalton as being an award of a Commonwealth of Australia Meritorious Service Medal.)

State Meritorious Service Medals were discontinued in March 1902 when they were replaced by the Commonwealth of Australia Meritorious Service Medal. There are no recorded Tasmania Meritorious Service Medals and the assumption must be that when WO James Chisholm was awarded his Commonwealth of Australia Meritorious Service Medal that the medal naming section has picked up an unissued Tasmania medal, which looks almost identical to the Commonwealth issue and have impressed it for issue to Warrant Officer J.Chisholm. This is reinforced by the fact that the medal has the naming impressed, as with many Commonwealth of Australia issues, instead of the normal engraved naming on State issues.

COALS&GCM: Tasmania - CAG No.32 21/5/1904, p386 to WO James Chisholm, Late Ordnance Dept.

In The Mercury, Hobart, Tasmania on Monday 10 November 1902, page 5 was published the following report:- 'Well-earned Compliments. - Letters and personal congratulations have been received by Warrant Officer J.Chisholm, Hobart, on the notification of General Order No.205 of "Commonwealth of Australia Gazette", 31st October, 1902, of his having been awarded the medal for meritorious service, he having served for 42 years in the Defence Forces of Tasmania. He joined the 3rd Volunteer Rifle Company as Armourer Sergeant on June 7, 1860, and continued as a non-commissioned officer for that very long period, and retired as Ordnance Store-keeper on September 1, 1902.'

J.Chisholm was a gun maker prior to 1860. In 1903, after his retirement from the Defence Force, he was a government appointed Inspector of Magazines and Explosives. The Meritorious Service Medal was presented to him at the King Edward VII Birthday Celebrations on 9 November 1903 when he was the first one called up by His Excellency the Governor of Tasmania Sir Arthur Havelock GCSI, GCMG, GCIE who observed that the recipient had served for 43 years with credit and satisfaction to everyone. He then pinned the medal on retired Warrant Officer James Chisholm and complimented him on his service.

In November 1904 when Warrant Officer James Chisholm was presented with his Long Service and Good Conduct Medal it was reported that he had served not less than 18 years with an irreproachable character. He had joined the Tasmanian Volunteer Forces on 7 June 1860, was appointed to Permanent Forces as armourer-sergeant on 1 January 1865, master gunner 1 June 1872, and served as military storekeeper from 1 July 1886 to 31 August 1902, and as at the time of the presentation he was in the employment of the Tasmanian Government as magazine keeper and inspector of explosives.

It was reported in the Daily Post, Hobart on Friday 29 October 1909, page 7, that 'the Premier moved the second reading of the James Chisholm Pension Bill. He explained that James Chisholm, who retired from his position in the public service on December 29, 1908, had rendered long and faithful service since June, 1860. He had held the following positions at various periods:-Armorer (sic) in the defence force, armorer (sic)-sergeant, Southern Division of Volunteer Force; master gunner and sergeant-in-charge of powder magazine, Hobart; military storekeeper, military and magazine Storekeeper and inspector of explosives; inspector of explosives and of magazines, and magazine keeper for the Southern District. The Bill proposed to grant Mr. Chisholm an annual pension of £60 payable monthly, dating from July 1 last, and in case of his death during the currency of any month the Governor could direct payment to be made to his personal representatives of a proportionate part of the pension up to the day of his death.' (after much debate, and with strong opposition from the Labour Party, the Bill was defeated by 2 votes).

lot 3383 part

A befitting civilian award was presented to James Chisholm by the Hobart Regatta Association in January 1907 in the form of a small gold trophy bearing on one side the model of a howitzer and the words 'Hobart Regatta Association', the trophy was encircled with oak leaves and on the reverse side was the legend 'Presented to Mr James Chisholm, in recognition of 43 years' service as gunner, 1863-1906'. For the whole 43 years, the work of firing the howitzers for starting of races had been performed by Gunner James Chisholm until 1906 when he had to relinquish the duty due to ill-health.

The Mercury, Hobart, Thursday 29 September 1910, page 5 printed the following account of his death.

'Mr. James Chisholm, formerly senior ordnance officer at Hobart, died yesterday of pneumonia, being in the 79th year of his age. The deceased was a son of Mr. James William Chisholm, armourer, Edinburgh Castle. His father being transferred to the Royal Scots, the deceased accompanied his parents in their journeyings to Canada and the West Indies, afterwards returning to London. He attended Sunday-school in the Duke of Kent's Palace.

In August, 1852, he landed in Hobart, and for eight years was in the employ of Mr. McConnell, gun maker. In 1860 he volunteered as armourer to the 3rd Rifles, and subsequently filled a similar position in the Buckingham Rifles. He next became Government armourer, and was ultimately promoted to the rank of master gunner and ordnance storekeeper, a position which he held for 32 years. In 1901 he was transferred to the Commonwealth forces as senior ordnance officer. He received a medal for meritorious service, and another for long service and good conduct. Having reached the age limit, he retired on September 1, 1902, receiving a retiring allowance. He then took up the position of magazine keeper and inspector of explosives under the State Government.

'The deceased leaves a widow and a large family. For several decades he held the position of secretary to the Tasmanian Union Masonic Lodge, and some years ago was made a life member, in recognition of long and faithful service. He was a well-known figure in the community, and the news of his death will be received with regret.'

In another report in the Tasmanian News, Wednesday 28 September 1910 it was stated in part as follows.

'For many years he superintended the firing of the regatta guns, and on his retirement his services were fittingly recognised by the Regatta Association, which made him a handsome and appropriate presentation. He was a capable officer, and bore an excellent record. When the Russian war scare led to the formation of a defence force in Hobart in the middle of the seventies (i.e.1870s), Mr. Chisholm gave great assistance in drilling the Artillery branch, which was then under the command of Captain (now - Lieutenant-Colonel) Evans.
