\$15,000

Linda McGill MBE. From her first dip at age one month in 1946 to her third Manhattan Island Marathon swim in 1986, Linda McGill broke records, pioneered women's distance swims and produced championship performances at club, state, national and international levels. At age nine Linda won freestyle and breast stroke events at all district carnivals and was spotted by Olympic coach Frank Guthrie. With Guthrie, she won all her trials, set a breast stroke record and began swimming butterfly. By age 13 she won seven age group state championships and was selected for the national competition, finishing second in her event. In 1958 she joined Forbes Carlyle's coaching, then in 1960 Don Talbot. At the 1961 Australian Swimming Championship in Brisbane 15 year old Linda won the open national title. In 1962 at these championships she won the 440 yds individual medley and 110 yds butterfly and was second in the 220 yds breast stroke. She was selected for the Perth Commonwealth Games squad. Linda, Dawn Fraser, Marguerithe Ruygrok and Pam Sargeant won the medley relay in world record time at an exhibition swim two days before the Games. At the Games Linda won bronze in the 110 yds butterfly, silver in the individual medley and, in world record time, gold in the medley relay. Linda won five national titles in three days - a women's record. She won 100 m butterfly, 200 m butterfly, 400 m, individual medley, 200 m individual medley and 200 m breast stroke. The butterfly and medley times were Australian records, and selection for the 1964 Tokyo Olympic Games was automatic. In Tokyo she

finished fifth in the individual medley - an Australian record. In the Ceylon Swimming Association competition the same year Linda, Ruth Everuss and Ilsa Konrads won every event and re-wrote the record books. August 1965 saw Linda first swim the English Channel, the first Australian to do so. In July 1967 she swam Sydney Harbour, breaking the US record. Two months later came the second English Channel swim and four weeks after, the third and record breaking Channel swim, a new women's record. This stood for eight years. New Year 1968 brought 22 year old Linda the MBE, then the youngest Australian recipient. In January 1968 Linda won the Port Phillip Bay crossing, the first person to do so. Also in 1968 she swam from Capri to Naples; in Canada she swam Lake Ontario, Lake St John and Lake Simone and in the US, Block Island to Rhode Island. Later that year the Brisbane to Moreton Island and Townsville to Magnetic Island swims saw Linda back in Australian waters. In 1972 she swam in Hong Kong Harbour and in 1977 Saudi Arabia to Bahrain and Rabaul, New Guinea. Between 1983 and 1986 Linda swam three times in the Manhattan Marathon, the first Australian to swim around Manhattan Island. In 1989 she competed in the World Masters Games in Rio de Janeiro. Another of Linda's achievements was her auto biography "Surviving the Sea of Life. The triumph and tragedies of an Australian Olympian" published in 2007. Linda McGill's outstanding competitive swimming career spanned four decades and brought many glittering prizes - dedication, perseverance and a great talent rewarded.
